

X-TREME 21

Silage protection redefined with supreme strength.

Reliable Runability: Xtreme 21 ensures consistent and dependable performance during operations.

Enhanced Durability: Designed to reduce film breakages, leading to minimal downtime due to ruptures.

Enhanced cling strength not only prevents film tailing but also aids in eliminating oxygen transfer, ensuring superior performance in maintaining product freshness.

Benefit from UVI protection.

Green color available.

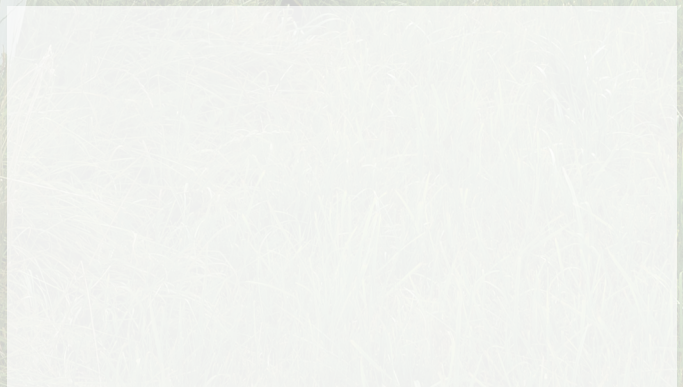

Thinner gauge available - 21 micron (83 gauge)

Extended rolls allow same number of layers applied with better protection.

Boasting incredible puncture resistance, Xtreme21 aids in preventing attacks from bugs, mold, and harmful bacteria, ensuring robust protection for your goods.
