

Engineered tough for minimal film breaks & maximum crop protection.

5-layer blown silage stretch film made from a proprietary resin that gives maximum puncture resistance.

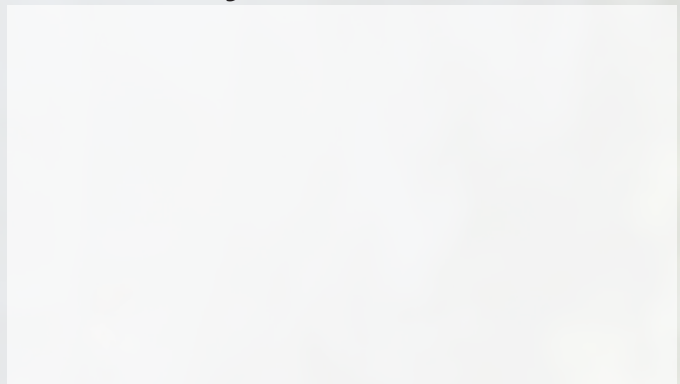

With superior cling, every overlapping layer of our film forms an airtight seal, enduring even in extreme weather conditions. This enhances feed quality and reduces feeding expenses by minimizing harvest losses.

Versatile for any shaped bale - effectively wraps even the toughest square bales.

Developed to perform in the toughest climates.

Product	Width (mm)	Length	Gauge (mil)	Roll Weight (LBS)	PKG	Rolls/Pallet
