

X-TREME 25

Silage protection redefined with supreme strength.

Proprietary resin blend for the toughest silage film that withstands extreme hot and cold climates.

Lower unwind ideal for high-speed wrapping. Wrap more bales faster with less breaks.

Less downtime due to breakages. Less time getting out of the driver's seat while wrapping.

Provides consistent protection on all types of silage ranging from soft alfalfa to coarse corn stalks.

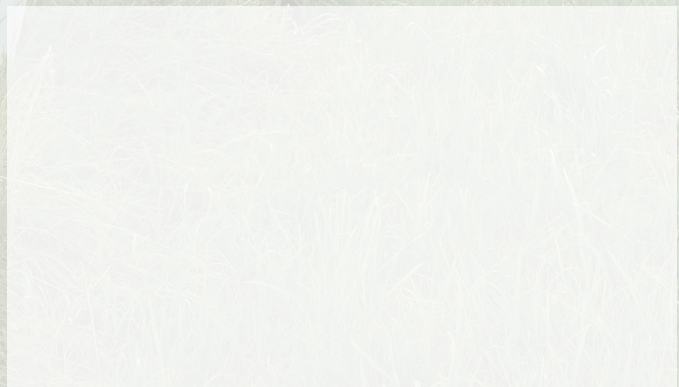

Superior airtightness to keep silage from spoiling.

Premium film that helps lower your carbon footprint.

Best value with the best versatility.
